HTML, CSS, Modern Javascript, Node.js, PHP, Python, Sass/SCSS, SQL, Postgres, mariadb, mysql, Redis, SSH/SSL, Git, TypeScript, Vue, Svelte, React, Linux/Docker, MongoDB, IPFS, Webpack, Nginx, Apache, Wordpress, Laravel, TailwindCSS, Inertia.js, Express.js, AWS, GCP, Azure, Coolify, Supabase

### Experience {#experience}

#### Plum.ng Technologies Solutions - FullStack Web Developer, Canada

- Built the EdTech API platform using Svelte, SvelteKit, and Node.js, delivering scalable microservices to empower EdTech startups with innovative solutions.
- Implemented a microservices architecture with Node.js, ensuring seamless integration and optimized performance.
- Tech stack: **Svelte, Sveltekit, Node.js (microservices architecture)**

#### MatchTalent.ca - FullStack Web Developer, Canada

- Integrated AI agents to analyze user preferences, behavior, and market trends to deliver highly customized job recommendations.
- Engineered a scalable backend using Express and Postgres, ensuring optimized data flow and fast query execution for dynamic user interactions.
- Built an intuitive and responsive front-end with Next.js, delivering a smooth and engaging user experience across devices.
- Tech stack: **Next.js, Express, Postgres**

#### CloseWith.ai - FullStack Developer, Canada

- Developed and enhanced CloseWith.AI, a cutting-edge sales and marketing platform, by building AI-driven outreach tools, intelligent meeting schedulers, and automated follow-up systems, leveraging React, Next.js, Express, and Postgres to optimize sales workflows and boost productivity.
- Tech stack: **React, Next.js, Express, Postgres**

#### DigiLearns.ng - FullStack Web Developer, Nigeria

- Developed an inclusive education platform for <https://digiLearns.ng> using Sveltekit and its subdomain <https://admin.digilearns.ng> using Next.js, Vite, Express, MongoDB, and Redis, delivering scalable APIs and adaptive features to engage over 600,000 users with SMS and USSD-based learning resources.
- Tech stack: **Next.js, Vite, Express, Node.js, MongoDB, Redis**

### Hackathons & Community Involvement{#hackathons}

- EthGlobal
- Google Developers Group
- Postman APIFestival
- GenZHackFest
- Opensource Africa
- Microsoft Interns4Afrika

### Education {#education}

Masters of Business Administration - *Valar Institute*

Mathematics - *Evangel University*
